

USER MANUAL

School Forms Digitized Report v.1.0

Streamlining Educational Excellence through Digital Transformation

Date:
MARCH 2026

TARGET AUDIENCE
ADMINISTRATORS | EDUCATORS | PARENTS & GUARDIANS

Introduction

Welcome to the **School Forms Digitized Web System** User Manual. This platform is a comprehensive School Management System (SMS) designed to streamline administrative workflows, enhance stakeholder communication, and ensure seamless compliance with the MATATAG Curriculum and Department of Education (DepEd) reporting standards.

In an era where data-driven decision-making is vital, this system serves as a "single source of truth" for your institution. By integrating student enrollment, classroom management, and academic reporting into one intuitive interface, we aim to reduce the clerical burden on educators and administrators alike.

This manual provides a step-by-step guide to navigating the school ecosystem. From the initial Academic Set Up by Administrators and the Digital Enrollment process for Parents, to the automated generation of DepEd School Forms (SF 2, 5, 8, 9, 10) for Teachers.

System Overview

Our system has three main parts that work together to keep school records organized:

The Admin: This is where the school setup happens. Admins choose the school year, add classrooms, and list the subject's students will study.

The Parent Portal (Enrollment): This is where parents sign up their children. By entering the student's name and LRN here, the information goes directly into the school's official list.

The Teacher Dashboard (Daily Work): This is where teachers manage their classes. They use it to check attendance and automatically create school reports like the Report Card (SF 9) and Daily Attendance (SF 2).

Section 1: Logging in to the System

System Access URL: <https://stamariaenrollmentsys.com/>

Step-by-Step Instructions

1. Open a Web Browser

- Supported browsers: Google Chrome, Mozilla Firefox (latest).
- Ensure a stable internet connection.
- **Enter the System URL**

In the browser's address bar, type or copy the following link:

👉 <https://stamariaenrollmentsys.com/>

The system will display the School Landing Page.

Figure 1: Landing Page

2. View the School Landing Page

Once the page loads, you will see the **Sta. Maria Enrollment System** homepage.

From here, you can choose to log in as an Admin, Teacher, or Parent.

⚠️ Reminder: Do not share your account credentials with others. Each user is accountable for all activities performed under their login.

SECTION 2: The Admin Dashboard

The Admin is the first person to use the system. You must set up the "**house**" before the teachers and students can move in. Follow these steps to get your school ready:

2.1 The Dashboard is the first screen you see. It gives you a quick look at the school's current numbers.

System Overview: See the total number of Students, Teachers, and Parents at a glance.

Facility Management: Check how many Classrooms, Sections, and Subjects are currently in the system.

School Year Filter: Use the dropdown at the top right to switch between school years (e.g., 2026-2027).

Figure 2: Admin Dashboard

2.2 User Management (Managing People)

This is where you create accounts for **Teachers** and **Parents**.

How to Create a New Account:

- Click User Management on the left sidebar.
- Click the red + New Account button.
- Fill in the Create New User Account form:
- Enter the Name, Gender, and Contact details.
- User Role: Choose if they are a Teacher or Parent.
- Username & Password: simple login for them.
- Click + Create Account to save.

Figure 3: Account Creation

Managing Users:

In the User Management list, you can see if an account is **Active**.

Use the View button to see more details or the dropdown to change their status.

Figure 4: User Management

2.3 Academic Setup (Building the School)

Before teachers can work, you must set up the **Classrooms** and **Sections**.

2.3.1 Classrooms Management:

Navigate to **Academic Setup > Classrooms**.

You will see cards for each room showing if they are Occupied or Available.

The screenshot shows the 'Classrooms Management' page in the STA MARIA WEB SYSTEM. The header is pink with the system name and user 'Stamaria, Stamaria'. A left sidebar contains navigation links: Dashboard, User Management, Students Manage, Classroom Management, Enrollment, Academic Setup (expanded), Classrooms (selected), Sections, School Year, Subjects, Feedbacks, and Generate Reports. The main content area has a 'Classrooms Management' title, a dropdown for '2026-2027 (Active)', and status filters for 'Available' (green) and 'Unavailable' (blue). Below is a table with columns: #, Room Name, Room Type, Room Status, Created, and Action. The table lists three rooms: 'Matatag 1', 'Room 2', and 'Room 1', all of type 'LECTURE ROOM' and status 'Available'. Each row has 'Edit' and 'Delete' buttons. The page is 'Page 1 of 1'.

#	Room Name	Room Type	Room Status	Created	Action
1	Matatag 1	LECTURE ROOM	Available	Mar 22, 2026	Edit Delete
2	Room 2	LECTURE ROOM	Available	Mar 22, 2026	Edit Delete
3	Room 1	LECTURE ROOM	Available	Mar 22, 2026	Edit Delete

Figure 5: Classroom Management

2.3.2 Sections Management:

Navigate to **Academic Setup > Sections**.

This shows how many sections are available per grade level.

Use the + Create Section button to add a new group (like "Section Mars" or "Section Rizal").

The screenshot shows the 'Sections Overview' page in the STA MARIA WEB SYSTEM. The header is pink with the system name and user 'Stamaria, Stamaria'. The left sidebar is identical to Figure 5, with 'Sections' selected under 'Academic Setup'. The main content area has a 'Sections Overview' title and four summary cards: '4 Total Sections' (blue), '4 Available' (green), '0 Unavailable' (red), and '3 Grade Levels' (cyan). Below is a table with columns: #, Section Name, Grade Level, Section Status, Created At, and Action. The table lists four sections: 'Diamond' (Grade 1), 'Daisy' (Grade 2), 'Mars' (Grade 3), and 'Jupiter' (Grade 3). Each row has 'Edit' and 'Delete' buttons. The page is 'Page 1 of 1'.

#	Section Name	Grade Level	Section Status	Created At	Action
1	Diamond	GRADE 1	Available	Mar 22, 2026	Edit Delete
3	Daisy	GRADE 2	Available	Mar 22, 2026	Edit Delete
5	Mars	GRADE 3	Available	Mar 22, 2026	Edit Delete
7	Jupiter	GRADE 3	Available	Mar 22, 2026	Edit Delete

Figure 6: Section Management

Figure 7: Create New Section

2.3.3 Subjects Management:

Figure 9 is where you manage the list of subjects offered in the school. It ensures that teachers can properly record grades for the correct learning areas under the MATATAG Curriculum.

Subject List Table: This is the master list of all subjects. Each row shows:

Subject Name: The official name (e.g., Mathematics, Makabansa, GMRC).

Subject Code: A short code for the system to identify the subject (e.g., MATH1, FIL, GMRC).

Units: The credit value assigned to the subject (default is set to 3 units).

Grade Level: Which specific grade this subject belongs to.

Status Toggle: * **Green Icon** (Available): The subject is currently active and can be assigned to classes.

Blue-Gray Icon (Unavailable): The subject is hidden and cannot be used for the current school year.

Edit (Blue): Allows you to change the subject name, code, or grade level.

Delete (Red): Removes the subject from the system entirely. *Note: Use this carefully as it may affect existing records.*

Figure 8: Create Subjects:

Figure 9: Subject Management

2.4 Class Management Overview

The Class Management screen gives you a visual "bird's-eye view" of all the rooms in your school. It allows you to see which rooms are currently being used, which grade levels are in them, and which teachers are in charge.

Figure 10: Class Management

2.4.1 Understanding the Classroom Cards

Figure 10: Each box (card) represents a specific room in the school. Here is what the information inside each card means:

Room Name: The name of the facility (e.g., Science Lab, Matatag 1, Room 1).

Room Type: Indicates if the room is a Lecture Room or a LAB.

Teacher Assigned: Shows the name of the teacher currently managing that room. If no teacher is assigned yet, it will say "**No teacher assigned.**"

Grade Level Label: A dark blue tag showing which grade (e.g., GRADE 1 or GRADE 2) is assigned to that room.

School Year: Displays the active academic year (e.g., 2026-2027).

Room Status & Colors

The system uses colors to tell you if a room is ready to be used or already taken:

Green Label (Available): The room is empty and ready for a teacher to be assigned

Red Label (Unavailable / Occupied): The room is currently in use by a specific class and teacher.

A screenshot of a web application modal titled "Assign Teacher" with a red header bar containing a person icon and a close button. The form contains four fields: "Grade Level *" with a dropdown menu showing "Grade 6"; "Section Name *" with a dropdown menu showing "Diamond"; "Teacher Name *" with a dropdown menu showing "Mabini, Marimar - (0/50)"; and "School Year" with a text input showing "2026-2027". At the bottom is a red button with a person icon and the text "Assign Teacher".

Figure 11: Assign Teacher Class

2.4.2 How to Assign a Teacher

If a room is "Available" (like the Science Lab in the image), you will see a red + Assign Teacher button.

Click the + **Assign Teacher button.**

Select the teacher's name from the list.

Once saved, the room status will automatically change to Unavailable and show the teacher's name.

Administrator Tip: *If you need to move a teacher to a different room, you must first "Edit" the classroom settings in the Academic Setup > Classrooms section to make the current room available again.*

2.5 Generate Report

This page allows you to download and print the official documents needed for your school records. The system takes all the information entered by teachers and parents and automatically organizes it into official School Forms (SF).

Currently, you can export two main types of reports from this dashboard:

SF1: School Register

What it is: This is the master list of all students.

Purpose: It is used for the Report on Promotion and to track the level of progress and achievement for every learner.

SF4: Daily Attendance

What it is: A monthly summary of student attendance.

Purpose: It tracks monthly learner movements (such as transfers or drops) and overall attendance percentages.

Figure 12: Generate Report

2.5.1 School Form 1 (SF1): The School Register

When you click Generate Reports and select SF1, the system creates a professional, DepEd-standard "Master List" of your students. This form is the most important document for school records as it contains the complete profile of every learner.

1. Understanding the Generated SF1

The SF1 is automatically filled using the data provided by parents during enrollment and the LRNs validated by the Admin.

Learner Information: Includes the 12-digit LRN, Full Name, and Birth Date.

Demographics: Tracks Mother Tongue, IP (Indigenous People) group, and Religion.

Contact Info: Lists the physical address and the names of Parents or Guardians.

Automatic Formatting: You don't need to align columns or fix margins; the system formats it perfectly for legal-sized paper or A4, complete with the official DepEd logos.

2. How to Edit School ID and School Name

In the screenshot, the header shows School ID: 100011 and STA. MARIA ELEMENTARY SCHOOL. If you need to update these details (for example, if the School ID was typed incorrectly during the initial setup), you must change them in the Global Settings.

Update Details:

School ID: Enter the correct 6-digit DepEd School ID.

School Name: Type the official name of the school in ALL CAPS (as per DepEd style).

Other Details: You can also update the Region, Division, and District here.

Save Changes: Click the Update or Save button.

Re-generate the Report: Go back to Generate Reports and open the SF1 again. The header will now display your new, corrected information.

LRN	NAME			BIRTH DATE (mm/dd/yyyy)	AGE as of 1st Friday of June (nos. of years as per last birthday)	BIRTH PLACE		MOTHER TONGUE	IP (Specify ethnic group)	Religion	ADDRESS				NAME OF PARENTS		GUARDIAN		CONTACT NUMBER Parent/Guardian	REMARKS (Please refer to the legend on last page)
	Last Name	First Name Middle Name	Municipality/ City			Province	House # / Street Sitio/Purok				Barangay	Municipality/ City	Province	Father (1st name only if family name identical to learner)	Mother (Maiden: 1st Name, Middle & Last name)	Name	Relationship			
102938475601	Abad	Miguel C.		05/15/19		ZAMBOANGA CITY				Roman Catholic	Galvez		Zamboanga City	Zamboanga Del Sur	-	-	-			
102938475603	Abad	Mateo C.		11/10/18		ZAMBOANGA CITY				Roman Catholic					-	-	-

Computer-generated report

Figure 12: Generate School Form 1

Figure 13: Generate School Form 4 Report

SECTION 3: The Parent and Guardian Role

This guide will help parents and guardians get started with the School Management Digitization System. By creating an account, you can enroll your children digitally and monitor their school attendance in real-time.

3.1 Parent Registration

Before you can enroll a student, you must create your own parent/guardian account.

Steps to Sign Up:

On the login page, click on Sign Up or Register.

Personal Information: Enter your First, Middle, and Last Name.

Relationship: Select your relationship with the student (Father, Mother, or Guardian) from the dropdown menu.

Contact Details: Provide a valid Email and an 11-digit Contact Number.

Account Information: Create a unique Username and a strong Password.

Complete the **"I'm not a robot" check** and click the red **Sign-up** button.

The image shows a web form titled "Registration" with a pink header. The form is divided into two main sections: "Personal Information" and "Account Information". Under "Personal Information", there are input fields for First Name, Middle Name, Last Name, and a dropdown for Suffix. Below these are fields for Email, Relationship with student (a dropdown menu currently showing "Father" with options "Select relationship", "Father", "Mother", and "Guardian"), and Contact Number. The "Account Information" section includes fields for Username, Password, and Confirm Password. At the bottom of the form, there is a checkbox labeled "I'm not a robot" next to a reCAPTCHA logo, and a large red "Sign-up" button. Below the button, there is a link that says "Already have an account? Sign In".

Figure 14: Parent Registration

3.2 Enrolling Your Child

Once you are logged in, you need to add your children to your account to begin the enrollment process.

How to Create a Learner Profile:

Go to Child Management (Learners) on the left sidebar.

Click the button to Add a New Child.

Fill in the Create New Learner Profile form carefully:

Student LRN: Enter the child's 12-digit Learner Reference Number.

Grade Level: Select the grade your child is entering (e.g., Grade 1).

Student Details: Enter their Sex, Name, and Religion.

Birth Information: Select their Birth Date from the calendar and type their Birth Place.

Click the blue + Create Learner Profile button to submit the enrollment for school approval.

The screenshot shows a web form titled "Create New Learner Profile" with a subtitle "Add a new child to your account". The form is organized into several sections with labels and input fields. The first section includes "Student LRN *" (a text box with "12-digit LRN" placeholder), "Grade Level *" (a dropdown menu with "Select Grade Level" placeholder), "Sex *" (a dropdown menu with "Male" placeholder), and "First Name *" (a text box). The second section includes "Middle Name *" (a text box), "Last Name *" (a text box), and "Suffix" (a dropdown menu with "Select suffix (optional)" placeholder). The third section includes "Religion *" (a dropdown menu with "Select Religion" placeholder), "Birth date *" (a text box with "mm/dd/yyyy" placeholder and a calendar icon), and "Birth place" (a text box with "Birth Place" placeholder). At the bottom of the form is a large blue button with a person icon and the text "Create Learner Profile".

Figure 15: Enroll Student

3.3 Completing the Learner Profile Forms

After adding your child, you will be directed to a detailed form divided into several important sections. Please ensure all information is accurate as this data will be used for official school records (SF 1 and SF 10).

1. Personal & Address Information

This is the basic identity of the student.

Identity Details: Re-check the LRN (12 digits), Full Name, and Birth Date.

Mother Tongue: Select the primary language spoken at home from the dropdown.

Current Address: Provide your complete house number, street, barangay, and city. This helps the school determine the student's distance from the campus.

Personal Information

Basic student details and identification

First name: SOFIA, Middle name: CRUZ, Last name: ABAD, + Name extension

LRN: 102938475602, Birth date: 11/10/2014, Age: 11, FEMALE

12 digits only

Birth Place: ZAMBOANGA CITY, Roman Catholic, Select Mother Tongue

Current Address

Student's current residence information

House No., Sitio/Street, Barangay, Municipality/City

Province, Country: Philippines, Zip Code

Figure 16: Student Form Personal Information

The school needs to know about any special needs or health conditions to provide a safe learning environment.

Licensed Diagnosis: If your child has a medical certificate for conditions like ADHD, Autism, or Hearing Impairment, please check the appropriate box.

Manifestations: If your child has difficulties in seeing, hearing, or communicating but does not have a formal diagnosis yet, check the boxes under "With Manifestations."

PWD ID: Indicate if your child has an official Person with Disability (PWD) ID.

STA.MARIA WEB SYSTEM

☐ Difficulty in Behavior

Does the learner have a PWD ID?

☐ Yes ☒ No

If Yes, please specify

Figure 17: Student Form Medical Information

4. Balik-Aral: If your child is returning to school after dropping out in previous years, fill in the "Last Grade Level Completed" and "Last School Attended."

Distance Learning: Choose how you prefer your child to learn if they cannot attend physical classes (e.g., Modular Print, Digital, or Blended).

5. Additional Information

This section helps the school identify students who may qualify for government assistance or special programs.

IP Community: Indicate if you belong to any Indigenous Peoples group.

4Ps Beneficiary: Select "Yes" if your family is currently a recipient of the Pantawid Pamilyang Pilipino Program (4Ps).

The screenshot shows a web application interface for 'STA.MARIA WEB SYSTEM'. The user is 'Abad, Wilbert'. The left sidebar contains navigation links: Dashboard, Child Management (Learners), Feedback, and Account Settings. The main content area is titled 'For Returning Learner (Balik-Aral)' and includes sections for 'Previous education information' (with fields for Last Grade Level Completed, Last School Year Completed, and Last School Attended), 'Distance Learning Preference' (with a 'Preferred Learning Mode' section containing radio buttons for Blended (Combination), Radio-Based Instruction, Homeschooling, Educational Television, Modular (Print), and Modular (Digital)), and 'Additional Information' (with a 'Community and social information' section containing a radio button for 'Belonging to any Indigenous Peoples (IP) Community?' and a text field for 'If Yes, please specify', and another radio button for 'Is your family a beneficiary of 4Ps?').

Figure 18: Parent Checklist Form

IMPORTANT

Accuracy: Ensure the LRN and Birth Date match the child's PSA Birth Certificate.

Completeness: Do not leave the Address or Contact fields blank.

Final Step: Once all sections are filled, click the Save or Submit button at the bottom of the page to send the profile to the Admin for approval.

3.4 The Parent Dashboard

After enrolling your child, your Dashboard will become your main tool for staying updated.

What You Can Monitor:

My Children: See exactly how many of your children are successfully enrolled.

Attendance Summary: View a quick count of:

Total Present Days: Days your child was in class.

Total Absent Days: Days missed.

Total Tardiness: How many times your child arrived late.

Attendance Distribution: A visual chart showing their performance throughout the school year.

Figure 19: Parent Dashboard

[!NOTE]

Status Check: After you submit the enrollment, the status will show as "Pending" on the Admin's side. Once the school office verifies the LRN and documents, your child's status will change to "Enrolled."

Parent Quick Tip:

[!TIP]

Make sure the Birth Date you enter matches the child's Birth Certificate exactly. If there is a mistake, the school admin may "Reject" the enrollment, and you will need to edit the profile and submit it again.

SECTION 4: Teacher Role

As a Teacher in the *School Forms Digitized Report*, you are the primary manager of student data. Your role bridges the gap between the initial Parent enrollment and the final official reports.

Below is a complete breakdown of your dashboard and responsibilities.

4. 1. The Teacher Dashboard

The Dashboard is your homepage. It provides a real-time summary of your assigned section (e.g., Section Jupiter, Grade 1).

Class Activities & Attendance: Quick-view cards show how many students are currently Enrolled, Present, Absent, or Tardy.

Attendance Distribution: A color-coded chart that tracks your class's performance over the school year.

Quick Actions: Use the buttons on the bottom right to jump straight to Taking Attendance, Viewing Students, or Generating Reports.

Figure 20: Teacher Dashboard

4.2. Enrollment Management

Before a student appears on your official class list, you must review their digital application.

Reviewing Applications: Go to Enrollment Process. You will see a list of students with a Pending status.

4.2.1 Approval Workflow:

- Click the blue Form button to review the student's details.
- If everything is correct, click Approve.
- A pop-up will appear (as seen in figure 22) showing your name, the section, and the MATATAG Subjects (Language, Reading, Math, etc.) that the student will be enrolled in.
- Click Approve Enrollment to finalize.

The screenshot shows the 'Enrollment Management' page in the STA MARIA WEB SYSTEM. The page has a sidebar with navigation links: Dashboard, Enrollment Process (highlighted), Students, Attendance, Generate Report, and Account Settings. The main content area displays enrollment statistics: 5 Total Students, 2 Enrolled, 3 Pending, and 0 Rejected/Dropped. Below the statistics is a table with columns: #, Name, Grade Level, Enrollment Status, Enrolled At, and Action. The table lists five students: Miguel Chaz, BIANCA Luna, NINA JUZGA, TOMAS Fernandez, and Samuel Fernandez. Each student has a 'Form' button in the Action column. A legend at the bottom of the statistics section shows color-coded status indicators: Enrolled (green), Pending (yellow), Transferred In (blue), Transferred Out (light blue), Transferred (grey), Not Active (dark grey), Dropped (red), and Rejected (purple).

#	Name	Grade Level	Enrollment Status	Enrolled At	Action
1	Abad, Miguel Chaz	GRADE 1	ENROLLED	Mar 22, 2026	Form
2	Fernandez, BIANCA Luna	GRADE 1	ENROLLED	Mar 22, 2026	Form
3	LUNA, NINA JUZGA	GRADE 1	PENDING	Mar 22, 2026	Form Approve Reject
4	LUNA, TOMAS Fernandez	GRADE 1	PENDING	Mar 22, 2026	Form Approve Reject
5	Mercado, Samuel Fernandez	GRADE 1	PENDING	Mar 22, 2026	Form Approve Reject

Figure 21: Enrollment Management

The screenshot shows a pop-up form titled 'Approve Student Enrolment'. It contains fields for 'Class Adviser' (Villanueva, Maria Clara - (2/50)), 'Section' (Jupiter), 'School Year' (2026-2027), and 'Grade Level' (Grade 1). Below these fields is a section titled 'Subjects for this Grade Level' which lists: MATATAG - Language, RL - Reading and Literacy, Math1 - Mathematics, Makabansa - Makabansa, and GMRC - Good Manners and Right Conduct. At the bottom of the form is a red button labeled 'Approve Enrollment'.

Figure 22: Approve Student Enrollment

4.3 Student Management & Profiles

Once approved, students move to your Students tab. This is your digital "Class Record."

The Individual Learner Profile

Clicking the Profile button for any student opens their full record, which is split into three main sections:

Personal Info: View LRN, guardian details, and upload a student photo.

Attendance Summary: A personalized mini-dashboard for that specific student showing their total days present vs. absent.

Medical Information (The BMI Tool): This is where you encode data for the SF8.

Enter the student's Weight (kg) and Height (m).

The system automatically calculates the BMI Result, BMI Category, and Height for Age (HFA).

#	LRN	Name	Grade	Section	Status	Enrolled Date	Action
1	102938475601	Abad, Miguel	Grade 1	Jupiter	ACTIVE	Mar 22, 2026	Profile
2	607988900551	Fernandez, BIANCA	Grade 1	Jupiter	ACTIVE	Mar 22, 2026	Profile

4.4.2 The School Form 9 (SF 9) Progress Report Card,

is the official document used to communicate a student's academic performance and character development to their parents or guardians.

In the Sta. Maria Web System, this form is automatically generated using the grades and attendance data entered by the teacher throughout the school year.

Academic Achievement: This section tracks how well the student is mastering the **MATATAG Curriculum** subjects.

Attendance Record: This table provides a monthly breakdown of the student's presence in school. It is divided into three rows:

4.4.3 Behavior & Core Values

Unlike academic grades, behavior is measured through Learner Observed Values based on the four DepEd Core Values. **(Maka-Diyos, Makatao, Makakalikasan, Makabansa)**

The Rating Scale: Instead of numbers, teachers select from a dropdown:

AO: Always Observed, SO: Sometimes Observed, RO: Rarely Observed, NO: Not Observed

	Demonstrates appropriate behavior in carrying out activities in school, community and country.	AO	RO	AO	AO

LEGEND:
AO = Always Observed | SO = Sometimes Observed | RO = Rarely Observed | NO = Not Observed

Figure 27: School Form 9 (SF 9) Progress Report Card

4.5 The School Form 5 (SF5) Report on Promotion and Learning Progress & Achievement.

This is arguably the most critical year-end document because it officially records whether a student is promoted to the next grade level or retained.

In the Sta. Maria Web System, this form is automatically compiled using the General Averages calculated in the SF9 (Report Card) module.

The System Interface (Screen 2)

Before you print the official form, you use the internal dashboard to review the results:

Learners Table: Lists all students in the section with their calculated General Average.

Action Taken: The system automatically suggests "PROMOTED" if the average is 75 or above. If a student is failing specific subjects, you can see them in the "Did Not Meet Expectations" column.

Signatories: At the bottom right, you can encode the names of the persons who will sign the document (Prepared By, Certified Correct, and Reviewed By).

Save & Download: Once you click Save, the system locks the data. Clicking Download generates the professional version seen in Screen 1.

2. The Generated Report (Screen 1)

The downloaded SF5 follows the strict DepEd Order 8, s. 2015 format. It is divided into three main parts:

A. Student List & Action Taken

General Average: Displayed as a decimal (e.g., 86.85). For non-honor students, the system can be set to show whole numbers if required.

Action Taken: Clearly states if the student is PROMOTED, RETAINED, or CONDITIONAL (for those needing remedial classes).

B. Summary Table (Promotion Status)

This table provides a quick count for the school head. It shows:

Total number of Promoted students (split by Male and Female).

Total number of Retained students.

The system automatically calculates the Combined Total at the bottom.

Conclusion

The Sta. Maria Web System is more than just a digital tool; it is a partner in your daily school operations. By moving from manual paper-based logs to this automated platform, we are ensuring that:

Teachers spend less time on paperwork and more time on teaching.

Parents are actively involved in their child's academic journey.

Administrators have accurate, real-time data to make better decisions for the school.

Important Guidelines

Data Privacy: This system contains sensitive student information. **Never share your password with anyone. Always log out when using a shared computer in the faculty room.**

Save Often: Always click the "Save" or "Update" button before leaving a page to ensure your work isn't lost.

Accuracy First: The system is only as good as the data you put in. Always verify LRNs and Birth Dates against official PSA documents.

Technical Support & Contact Information

If you encounter a system error that is not listed in the troubleshooting guide, or if you require further training, please contact the CICS Office:
